

TERMS OF USE

1. General

These terms and conditions (“**Terms**”) govern the use of the Website (defined below) and the Services (defined below). These Terms also include any guidelines, announcements, additional terms, policies, and disclaimers made available or issued by us from time to time. These Terms constitute a binding and enforceable legal contract between **Flux Technologies Limited** and its affiliates (“**Company**”, “**BonusBlock**”, “**we**”, “**us**”) and you, an end user of the services, whether personally or on behalf of an entity (“**you**” or “**User**”) at <https://www.bonusblock.io/> (“**Services**”).

By accessing, using or clicking on our website (and all related subdomains) or its mobile applications (“**Website**”) or accessing, using or attempting to use the Services, you agree that you have read, understood, and are bound by these Terms and that you comply with the requirements listed herein. Please note that blockchain networks, even if BonusBlock publishes domain names or other records to them, are controlled by third parties (who may be distributed networks of independent computers), and are therefore not included in the definition of the “**Website**”. If you do not agree to all of these Terms or comply with the requirements herein, please do not access or use the Website or the Services.

If you are acting for or on behalf of an entity, you hereby represent and warrant that you are authorised to accept these Terms and enter into a binding agreement with BonusBlock on such entity’s behalf, and you accept these Terms both on behalf of such entity and on your own behalf.

Information contained in this Website is current as at the date of publication, and we may modify, suspend or discontinue the Website or the Services at any time and without notifying you. We note that these Terms between you and us do not enumerate or cover all rights and obligations of each party, and do not guarantee full alignment with needs arising from future development. In addition, when using some features of the Services, you may be subject to specific additional terms and conditions applicable to those features. Therefore, our privacy policy which can be viewed at the “**Privacy Policy**” link at our Website, platform rules, guidelines and all other agreements entered into separately between you and us are deemed supplementary terms that are an integral part of these Terms and shall have the same legal effect. Your use of the Website or Services is deemed your acceptance of any supplementary terms, too.

This Website and the Services are not available to residents of Afghanistan, American Samoa, Angola, Armenia, Azerbaijan, Balkans, Belarus, Bosnia and Herzegovina, Botswana, Burundi, Cambodia, Cameroon, Canada, Central African Republic, Chad, Crimea of Ukraine, Cuba, Democratic People’s Republic of Korea, Democratic Republic of the Congo, England and Wales, Eritrea, Ethiopia, Ghana, Guam, Guinea, Guinea-Bissau, Haiti, Iran, Iraq, Japan, Laos, Lebanon, Liberia, Libya, Madagascar, Mali, Mozambique, Myanmar (Burma), Nicaragua, Northern Mariana Islands, Pakistan, People’s Republic of China, Puerto Rico, Republic of the Congo, Russia, Somalia, South Sudan, Sri Lanka, Sudan, Syrian Arab Republic (Syria), Tajikistan, Trinidad and Tobago, Turkmenistan, Uganda, United Kingdom, United States, Uzbekistan, Vanuatu, Venezuela, Virgin Islands (U.S.), Yemen, and Zimbabwe and any other jurisdiction in which accessing or using our protocol is prohibited (each a “**Restricted Country**”). We reserve the right to choose markets and jurisdictions to conduct business and may restrict or refuse the access of Website and our Services in other countries or regions in our sole discretion.

Please read the Terms carefully. The Terms contain important information, including the risks you take in using our Services and the indemnity you provide to us. If a dispute arises between you and us that cannot be resolved, you agree to use arbitration as a dispute resolution mechanism in accordance with the terms set forth herein and you cannot initiate or participate in class action proceedings. You should only access the Services if you agree completely with these Terms.

2. Amendment to Terms

We may change, update, add or remove provisions of these Terms from time to time. Any and all modifications or changes to these Terms will become effective upon publication on our Website or release to Users. Therefore, your continued use of our Services is deemed your acceptance of the modified Terms and rules. If you do not agree to any changes to these Terms, please do not access or use the Website or the Services.

3. Protocol

The Website is an interface that enables you to interact with the Protocol, which is a decentralised autonomous smart contract system deployed on certain blockchain networks (the “**Protocol**”). The Protocol is now available on the Avalanche blockchain and shall be available on one or more blockchain networks which may evolve from time to time. It is further expressly acknowledged that we neither control nor operate the Protocol. Information and materials about the Protocol available on the Website are provided for the information purposes only, are not binding and do not form a part of these Terms.

The Protocol is comprised of smart contracts deployed on the blockchain network(s) that operate in a decentralised and autonomous manner. These smart contracts can be reviewed, verified, used, copied, modified, and distributed by anyone (subject to the terms of the applicable license). Accordingly, there might be other interfaces enabling interaction with the Protocol that we neither control nor are affiliated with. Furthermore, anyone can interact directly with the Protocol bypassing BonusBlock and other interfaces. You should carefully and thoroughly review and assess the Protocol and related software before you use them, and any such use shall be at your own risk. You should always do your own research.

You further acknowledge that we do not control the Protocol, its underlying blockchain networks, and any software through which such network is formed. BonusBlock only provides the users with the Website being an interface to access the Protocol. Accordingly, in no event shall BonusBlock be responsible for or held liable in connection with the Protocol, underlying blockchain networks or software, their operation, functioning, implementation, or use, and you hereby assume and accept any and all related risks, including the risk of possible losses and damages that you may incur in connection with the use thereof.

4. Digital Assets

Our Services relate to Digital Assets (defined below), which refer to a digital representation of value originating in the rights associated with the Digital Asset (defined below), and the ownership of such asset is recorded in a blockchain protocol using smart contracts. There are risks in trading or otherwise dealing in Digital Assets (defined below). We explain some of these risks at section ‘Disclaimers and Assumption of Risks’.

5. Your Digital Wallet

When using the Website, you may connect your digital wallet through one of the third party software wallets compatible with the blockchain network where the Protocol is deployed on. Software wallets constitute third party services, and BonusBlock is not responsible for, does not endorse, shall not be held liable in connection with, and does not make any warranties, whether express or implied, as to the software wallets used by you (“**Linked Wallet**”) with the Website or otherwise. When using third party software wallets, you should review applicable terms and policies that govern your use of such software.

BonusBlock never receives access to or control over the Linked Wallet or virtual assets held in the Linked Wallet. Also, BonusBlock accepts no responsibility for, or liability to, you in connection with the Linked Wallet and makes no representations or warranties regarding how the Services will operate with any specific digital wallet. Therefore, you are solely responsible for securing the Linked Wallet and credentials thereto (including private key, seed phrase, password, etc.) and all actions taken using the Linked Wallet, whether authorised by you or not, until you notify us that the Linked Wallet has been compromised. You agree to notify us immediately if you suspect the Linked Wallet has been compromised or otherwise suspect any security issues related to your use of the Services. Any issues relating to the Linked Wallet should be addressed to the wallet provider. BonusBlock is not responsible for any acts or omissions by you in connection with the Linked Wallet as a result of the Linked Wallet being compromised.

You must provide all equipment, connectivity and software necessary to connect to the Website. You are solely responsible for any costs and expenses, including Internet connection or mobile fees, which you incur when accessing the Services. You may disconnect the Linked Wallet from the Website at any time.

9. Fees and Payment

Any transactions from the Website will be done through smart contracts on a blockchain using a wallet compatible with BRC-20 or any other blockchain as may evolve from time to time. Any financial transactions that you engage in will be conducted solely through the blockchain via a wallet. We will have no insight into or control over these payments or transactions, nor do we have the ability to reverse any transactions. With that in mind, we will have no liability to you or to any third party for any claims or damages that may arise as a result of any transactions that you engage in via the Website, or any other transactions that you conduct via BRC-20 or other blockchain networks.

We may implement at our sole discretion, additional means of payments (including but not limited to) fiat or cryptocurrency payments that are provided by independent third party service providers that we have partnered with. Such fiat or cryptocurrency payment options will be directly accessible on the Website. You, however, acknowledge and understand that we have no insight into, or direct control over, the services provided by such third party service providers and we shall have no liability to you or to any third party for any claims or damages that may arise from your use of such services. The use of any third party payment services available on our Website will likely have its own set of rules and guidelines for usage of such services. We do not endorse, and we shall not be responsible or

liable for, any content, advertising, products, payment mechanisms and processes or materials on or available from your use of such services.

BRC-20 and other blockchain networks may require the payment of a transaction fee (“**Gas Fee**”) for every transaction that occurs on the network. The Gas Fee funds the network of computers that run the decentralised BRC-20 or other blockchain networks. This means that you will need to pay a Gas Fee for each blockchain transaction that occurs via the Website.

BonusBlock may terminate, suspend, or modify your access to Website and/or the Services, or any portion thereof, immediately and at any point, at its sole discretion. Further, as an advertiser, you warrant and represent that you possess all rights and authority to place advertisements on the Website, including, but not limited to, intellectual property rights, publicity rights, and contractual rights. We simply provide the space to place such advertisements, and we have no other relationship with advertisers.
